SOVIETS ACKNOWLEDGE GRAVE NEW THREAT TO MOSCOW

BRITISH SURGE WEST IN AFRICA AS NAZIS MAKE GAINS IN RUSSIA

By the Associated Press

Britain's desert armies appeared today to have gained a definite edge in the 11-day-old battle of North Africa as Imperial mechanized legions broadened the vital corridor to Tobruk—presumably wiping out Axis pockets of resistance—and surged on westward from the bloody Rezegh fighting zone south of Tobruk.

Meanwhile, Russia's Red armies admitted a grave new threat to Moscow, with the Germans advancing northeast of Tula, 100 miles south of the capital, and registering new gains in the Volokolamsk sector, 65 miles northwest of Moscow.

Soviet dispatches acknowledged that German troops smashing into the center of Moscow's defense arc from Mozhaisk were only 36 miles from the U. S. S. R. capital.

This was the closest approach to Moscow from due west so far admitted by the Russians. On the north, the Vichy radio reported several days ago that the Nazis were within 16 miles of the capital.

In the south, Russians said Nazi troops were attempting to encircle the key munitions center of Tula, 100 miles below Moscow, while heavy German artillery and trench mortars bombarded the town. A nearby village, identified only as "N," was said to have fallen to the invaders.

The battle in North Africa continued to rage with unabated fury, marked by heavy losses on both sides. A British spokesman said nearly the entire Italian Bologna division—about 15,000 troops—had been wiped out. He said the junction between the main British armies and the Tobruk garrison had now "been completed."

A Cairo communication said British and New Zealand troops which yesterday "made direct contact" southeast of Tobruk were slowly beating the Germans and Italians back in a drive apparently aimed at extending communications and supply through Tobruk itself.

Units of Gen. Erwin Rommen's German North African corps, which attempted a diversion thrust across the Egyptian border, were declared to have been scattered and now to be trying "to rejoin Axis forces engaged in battle west of Rezegh," 10 miles south of Tobruk.

British middle, east headquarters said the Axis armies were putting up "determined opposition," but indicated the trend of battle was slowly developing in British favor.

In the Russo-German war, Soviet reports said Adolf Hitler's invasion armies before Moscow were suffering "tremendous" losses, with as many as 15,500 Germans killed in a single day.

Front-line reports to Pravda, Communist party newspaper, said the Germans were striking savagely on both flanks of Moscow's defense arc, with the heaviest blows apparently falling on the southern wing.

The Berlin radio said Russian troops had evacuated the town of Skopin, 150 miles southeast of Moscow, and that it was about to fall to advancing German columns. Skopin lies 50 miles southeast of Stalinogorsk, the scene of heavy German pressure earlier this week.

Without giving details, Pravda said tersely that "Moscow's peril is increasing."

A bulletin from Hitler's field headquarters was equally brief, declaring merely that Field Marshall Gen. Fedor Von Bock's armies had pierced strong Soviet defenses before the capital.

On the North African front, British dispatches said the situation as a whole in Gen. Sir Alan Cunningham's 11-day-old drive into Libya "continues to improve" and reported that Imperial armored forces had intercepted remnants of an Axis raiding column fleeing westward after it had broken up a British tank charge along the Egyptian Libyan frontier.

Authoritative London quarters said the Axis "diversion" force was racing back into the desert toward the main battle zone at Rezegh, 90 miles west of the border, when other British armored units again fell upon it.

BITTER FIGHTING IN PROGRESS ON EGYPTIAN FRONT

Cairo, Nov. 28—(AP)—The British Tobruk and Rezegh forces, consolidating their junction today, trapped large Axis forces to the east which immediately began to attempt to battle their way out, a British spokesman announced here.

Practically the entire Italian Bologna division was wiped out in the action, the spokesman said.

Bitter fighting was in progress today, it was said, as an Axis column which had darted into Egypt two days ago as a diversion tried to get back to the Axis main forces.

They were headed for a British wall, however, as the contact established by the Tobruk forces

STRIKING TEACHERS TO RETURN NEXT MONDAY

Uniontown, Nov. 28—(AP)—Redstone township teachers who went on strike last Friday for a 15 per cent wage increase announced they would return to their classrooms Monday.

The township school board, following a conference with the teachers, said its counsel would present a brief to the Fayette county court asking permission to adjust the school budget to allow the increase.

More than 4,000 pupils got a holiday Friday when half the 124 teachers failed to report to class. No school had been scheduled this week because of the teachers' institute and the Thanksgiving holiday.

TRIP TO WARM SPRINGS

Washington, Nov. 28—(AP)—President Roosevelt plans to leave the White House late today for a brief vacation trip to Warm Springs, Ga. Except for a twice-postponed Thanksgiving dinner with the infantile paralysis patients there tomorrow night, he had no engagements during the journey. He is expected to return to Washington Wednesday.

Late Associated Press Bulletins

New York, Nov. 28—(AP)—The Nazi-controlled radio at Huizen in The Netherlands reported today that a Russian battleship had exchanged broadsides with Turkish coastal batteries and patrol ships at the Black Sea entrance to the Bosporus.

Washington, Nov. 28—(AP)—At a time when Germany has turned the tables on many of her World War enemies, American soldiers who formed part of the army which occupied the Reich 23 years ago are soon to receive special medals to commemorate their service.

Rome, Nov. 28—(AP)—British planes caused "notable damage" during raids on Naples last night, an Italian communique said today. Italian anti-aircraft batteries and night fighters shot down three planes, the communique reported.

Rome, Nov. 28—(AP)—Italian submarine chasers have sunk three British submarines in the Mediterranean, the high command announced today.

Raleigh, N. C., Nov. 28—(AP)—Governor J. M. Broughton said today that he had contacted Dr. R. L. Flowers, president of Duke University, on the possibility of the undefeated and untied Duke Blue Devil football team playing in a projected "victory bowl" game in New York City. The proceeds of the game would be used to buy ambulances for Great Britain.

HIGH SCHOOL AT BEDFORD HAS A $250,000 BLAZE

Not Any of 400 Students And Teachers Are in Structure When Fire Breaks Out Because of Thanksgiving Holiday

EQUIPMENT IS LOST

Bedford, Nov. 28—(AP)—Fire burned the interior of the three-story $400,000 Bedford high school building today, causing a loss which school officials tentatively estimated at $250,000.

None of the 400 students and teachers was in the building because of the Thankskiving holiday.

The fire broke out shortly after 11 a. m. and was still blazing 90 minutes later. Fire had spread throughout the classroom section of the brick structure, but firemen were attempting to save an auditorium addition.

School officials reported the bulk of the school's equipment, including desks, typewriters, books, football uniforms and band instruments were destroyed.

The blaze started in the basement of the building and swept up through a waste paper shaft to reach the upper floors.

Low water pressure hampered firemen from Everett, Bedford and Hyndman and they were able to shoot streams of water only as high as the second floor.

Supervising Principal Eugene R. Robb and other school officials tried vainly to salvage equipment and papers.

The school was erected in 1930 and enlarged with the auditorium in 1935. It was hailed as a "model" school for a community of Bedford's size.

CYCLONE HITS TOKYO

Tokyohashi, Japan, Nov. 28—(AP)—Thirteen persons were killed, many wounded and more than 250 houses were demolished in a terrific cyclone, Domei reported today. More than 3,500 houses in Tokyo were reported under water due to the gale.

POLICY TOWARD VICHY RESTUDIED

Washington, Nov. 28—(AP)—Secretary of State Hull today began a sweeping reexamination of United States policy toward Vichy France.

Hull turned to this new problem as soon as he was freed of the time-consuming conversations on the Pacific which have been suspended pending Japan's decision on whether to pursue policies of peace or aggression in the Far East.

Again the diplomatic objective was to avoid the spread of war to new areas which might affect the peace and security of the western hemisphere or jeopardize its interests.

The attitude of the United States toward the Vichy government will

NO CHANGE IN CRISIS IN PACIFIC

Confronted With Reports Of Unabated Japanese Military Activity Near The Border of Thailand, Official Washington Looks on Far Eastern Situation as One of Extreme Gravity

HULL NOTE IS BEING CONSIDERED IN TOKYO

Washington, Nov. 28—(AP)—The American government, it was learned today from the best available sources in Washington, has ruled out any possibility of a compromise with Japan on the Chinese issue and has raised a possibility that American merchant ships in the Pacific may be armed.

While it was reported on the highest authority that negotiations looking toward peace in the Pacific and Far East had not broken down, the United States viewed the present situation as extremely serious.

An official White House announcement concerning merchantmen said that these vessels sailing on Pacific routes "will not be armed under existing circumstances."

And when President Roosevelt was asked at a press conference how long he thought those circumstances would prevail, he said he thought the question might better be asked in Tokyo.

Reports of unabated Japanese military activity near the border of Thailand brought new concern to the capital.

Diplomatic representatives of the other friendly powers concerned Britain, Australia, China and the Netherlands—took a similar serious view.

An invasion of Thailand, informed sources here believe, would probably be Tokyo's first move if the Japanese government decides to reject Secretary Hull's basic formula for peace in the Pacific and resume Japan's program of armed expansion southward.

TWO BOYS HELD FOR MURDERING VIRGINIA MAN

Bristol, Va, Nov. 28—(AP)—Charges of murder have been placed against the two 16-year old boys arrested in a southwest Virginia hotel in the robbery-slaying of wealthy Attorney Ward Loveless, State Trooper E. D. Helms disclosed today.

The trooper, one of a group of law enforcement officers guarding the captive pair on the 400-mile automobile trip back to Leesburg where the shot and bruised body of Loveless was found in his home by a servant Monday, said murder warrants had been signed by Loudoun county Sheriff S. P. Alexander.

Commonwealth's attorney Chas. Harrison who questioned the pair extensively before they were jailed here overnight, said he had a "complete confession" from Paul Bernard Hoback, Bluefield, W. Va., and the other boy who had given

TO DISCONTINUE PASSENGERS ON RIVER DIVISION

As Result of Ruling by Public Utility Commission Service Between Oil City And Corydon is to be Suspended

DURING "EMERGENCY"

Passenger service on the "river division" of the Pennsylvania Railroad, between Oil City and Corydon, is to be discontinued, at least temporarily, as a result of a ruling by the Public Utility Commission in Harrisburg, it was announced today.

Service previously had been discontinued between Corydon and Olean, N. Y., terminal point of the division.

The service between Oil City and Corydon has consisted of one round trip daily, except Sunday, by mixed passenger and freight train—a single combination baggage and passenger coach being attached to Train No. 9355, northbound, leaving Warren at 7 a. m., and to Train No. 9352, southbound, leaving here at 10:30 a. m.

"The railroad proposes to discontinue the passenger service during the period of the national emergency and to operate the trains as freight trains to handle express and milk shipments on substantially the present schedule," the commission said.

The record in the proceeding, the commission found, is conclusive that the demand for passenger transportation on these trains can be adequately met by existing bus service and that it is apparent that the passenger cars used on the trains can be released for anticipated troop movements with little or no inconvenience to the public.

Discontinuance of the passenger service was limited to one year, subject to the provision that the railroad company should the period of emergency still exist at the end o fthe year, may file an application for an extension.

Local officials of the railroad pointed out today that there has been practically no demand for passenger service over the division and

FIVE IN FAMILY BLAZE VICTIMS

Shreveport, La., Nov. 28—(AP)—Five persons, all members of an Omaha, Neb., family, were burned to death, and two others were seriously injured in a fire in a downtown rooming house early today.

The dead are Melton Wedgewood, 17; Mrs. Dale Wedgewood, 23; Gary Dale Wedgewood, 18-months old; Virginia Wedgewood, 13, and Dale Wedgewood, 23.

E. R. Wedgewood, 48, jumped to safety after being badly burned but his wife was trapped in the building. Her condition was undetermined. She suffered greatly from shock, a sanitarium attendant said.

ABANDON OFFENSIVE PROVISION

At Direct Request of Administration House Labor Committee Decides to Eliminate at Least Temporarily Idea of Compulsory Arbitration as Part Of Anti-Strike Legislation

CONSIDERATION TO GET UNDER WAY NEXT WEEK

BULLETIN

Washington, Nov. 28.—(AP)—Senate and house committees gave their approval today to separate bills which would empower the government to take over a defense plant when strikes impede production. The senate judiciary committee voted 12 to 3 to recommend the bill of Senator Connally to take over such plants and freeze the open or closed shop status in them. This action followed only by minutes house labor committee approval of legislation which, besides the seizure clause, would create machinery for voluntary arbitration of labor disputes.

Acting Chairman Ramspeck (D-Ga.) said it was a "middle-of-the-road bill" which "undertakes to settle disputes on a voluntary basis." If that should fail the government could take possession of the defense plant after a 60-day cooling off period, he added.

Committee members said that Democratic Leader McCormack of Massachusetts had strongly urged that the provision, opposed both by industry and labor, be dropped. As a result, they said, it would be eliminated before the committee sends a bill of its own to the floor later in the day.

The members said that development meant that the committee's bill might not contain much more than reconstruction of the National Defense Mediation board and

MUDDLE OVER REDISTRICTING IS UNCHANGED

BY TOM REEDY

Harrisburg, Nov. 28—(AP)—Pennsylvanians were advised today they'd better get acquainted with their garbageman—he's apt to be a congressman next year.

That's the way State Senator John M. Walker sizes up the muddle over cutting out one of the commonwealth's 34 congressional districts as required by the 1940 census.

The politically divided legislature deadlocked on the problem and now its specially-assigned bi-partisan committee seems just as far from a solution. Electing all 33 representatives by a state-wide vote instead of in district balloting is the alternative if a reapportionment is not enacted before March 10.

"There'll be so many candidates, electing them at large, that anybody can win," said Walker, a young Pittsburgh Republican. "I think I'll enter my wife and children.

"Anybody with a $35 filing fee can run. My garbageman said to me: 'I'm going to put 35 bucks in that lottery.'

"Wherever I walk the streets in Pittsburgh and a panhandler hits me, I give him a dime and tell my companions: 'You'd better be nice to that guy; he may be your congressman.'"

Prospects are for hundreds of candidates in event of a free-for-all election. Politicians say the public likely would mark the ballot on the first 33 names as the simplest way to vote. Thus it would come down to the 33 who were lucky in the drawing of ballot places.

Burgess to Head Welcoming Crowd to Meet Jolly Old Fellow at Warren Airport

Santa Claus is coming!

Promptly at 1:15 o'clock tomorrow afternoon the jolly old fellow who means so much to the youngsters of the community, will arrive at the Warren Airport—coming by plane from his workshop at the North Pole, where he and his helpers are busy putting finishing touches on gifts for the Christmas season.

Everyone is invited to be at the airport for the reception for Santa, at which Burgess R. W. Steber will extend the official welcome of the community as St. Nick steps from his plane. From the airport, Santa Claus will go directly to the East Side, where he will head the gala Christmas parade which will mark the opening of the holiday season here.

The procession, which promises to be one of the best of its kind ever staged here, will start promptly at 2:00 o'clock and it was pointed out that parents who may wish to take their children to the airport to witness Santa's arrival will have plenty of time to get back to the business section to view the parade.

Jovial Visitor Coming

Santa Claus, who is to be honor guest in the parade in Warren tomorrow, will arrive at the airport about 1:15 o'clock by airplane. Every youngster is invited to be on hand and join Burgess R. W. Steber in the official reception.

Members of the citizens' committee in charge of the parade reported today that everything is in readiness for the event and merchants are all set to welcome the large crowds which are expected to be on hand, not only for the parade but for the official opening of the Christmas shopping season.

The citizens' committee will take part in the parade and will meet for luncheon at the Geracimos Company at 12:30 o'clock, when all members are expected to be present.

Formation of the parade will be started at 1:30 o'clock, when all units will be expected to be on hand. The formation already has been announced and is re-printed in today's issue for the convenience of those participating, as well as for those who will watch the procession.

The complete revised orders for Saturday's parade to open the Christmas holiday season will be found on page 3 of this issue. Readers are urged to clip these orders for their convenience.

Forming on the East Side, the parade will move west on Pennsylvania avenue to Liberty street, north to Second avenue, west on Pennsylvania avenue to Poplar St., north to Fourth avenue, east to Liberty street, south to Second avenue where marching units will proceed east to Market street and trucks and other vehicles will continue south to Pennsylvania avenue.

Headed by the famous Rocky Grove firemen's band, the parade will include at least a half dozen outstanding musical organizations,

28TH DIVISION TO START TREK HOME THIS WEEK

BY A. F. LITTLEJOHN

With First Army in the Carolinas, Nov. 28—(AP)—A bitter mock battle raged today between the Blue First Army and the Red Fourth Corps as plans were made to return the 220,000 soldiers of the First Army to their bases this week-end.

It will end the army's 1941 war maneuvers program.

A Blue communique admitted that many Red tanks had slashed through the 44th Division of Maj. Gen. Lloyd R. Fredendall's Second Corps in the vicinity of Pageland, S. C., but declared that they were met by tank attacker units developed bf Lieut. Gen. Hugh A. Drum.

The plan for recognition of the First Army provides for starting soldiers on their homeward trek two days after the end of this practice battle, the final phase of maneuvers.

Assuming that the maneuver will last until Sunday, the program contemplates that the Second Corps, made up of the 28th, 29th

TWO BURNED TO DEATH FOLLOWING COLLISION

Philadelphia, Nov. 28—(AP)—A Brooklyn, N. Y. man and an unidentified woman burned to death early today after a truck in which they were riding rammed into the rear of a stalled truck-trailer on the Roosevelt boulevard and both machines caught fire.

The dead man was identified by Philip Schoenbaum, owner of the truck, as Benjamin Gallup, aged about 33. Schoenbaum, proprietor of the Streamline Service, New York, said he did not know the woman's identity.

A representative of the Adley Express Company, Philadelphia, owner of the truck-trailer, estimated damage to the stalled vehicle and its eight tons of machinery and retail merchandise at $18,000, but said it was insured.

Safety Council Sponsors Special Drive to Cut Holiday Accidents

Chicago, Nov. 28—(AP)—The National Safety Council today reported progress in the nationwide effort to dam the rising tide of accidents in the United States.

The increase has not been stopped, the council said, but a peak rise of 23 per cent in traffic deaths in August has been cut to a 13 per cent increase in September and 12 per cent in October.

It was in August that President Roosevelt called upon the council to lead a defense emergency safety campaign to curb the growing menace. In an attempt to offset the usual rise in traffic deaths during the year-end holiday season, the council and 1300 cooperating organizations are undertaking a special Christmas safety drive with the theme, "give courtesy for Christmas."

The October traffic toll was 4,050, approximately 400 greater than in October, 1940, but the 12 per cent rise was the smallest for any month this year. Traffic deaths for the first ten months of 1941 totaled 31,620, a 16 per cent rise over the 27,210 toll for the same 1940 period.

For the first nine months of this year travel was up 12 per cent and the mileage death rate 4 per cent.

WARNS HUNTERS AGAINST GAME LAW VIOLATION

While Warren county's hunters were preparing for their annual quest for deer, with prospects for fewer kills than in the past several seasons, Executive Director Seth Gordon, of the Pennsylvania Game Commission, today warned that careless and lawless nimrods need expect no mercy from the state's game board

Declaring the state was cracking down on game law violators with all its might Gordon made public a list of license revocations among small game hunters and stated "no one whose license has been seized has any kick coming whatever because we have warned several times that carelessness lawlessness or vandalism would not be tolerated"

He reiterated advice that unless hunters conduct themselves as sportsmen they likely would find themselves without licenses, pointing to 2,506 revocations during the past ten years as proof of the game commission's determination to enforce its regulations.

He pleaded with hunters to help the state keep its some 600,000 licensed nimrods from violating game laws

"Practices of this kind could be stopped if other hunters like those mentioned would cooperate and report such violations to the proper authorities,' declared Gordon.

The small game season in the state closes tomorrow and the deer season opens on Monday

LARGE SUM DISTRIBUTED

Checks totaling $118,900 were mailed by the three banks in Warren to approximately 2,500 patrons Wednesday as a result of the Christmas clubs that were operated during the year by the institutions.

It is with a feeling of thankfulness and happiness that many families are receiving the checks that represent their thrift efforts for a year. Probably some of them have rarely had at any one time an equal sum of money in their hands. It has taken some of these people considerable self control to set aside the money each week. Doubtless many could see something for which they would like to spend the week's instalment.

They had sensibly reached the conclusion that if they were ever to obtain the best satisfaction in life, they needed better equipment for their households or various cherished objectives. On the other hand many of them saved money for generous presents, or to start permanent accounts in banks. They all have learned the valuable lesson in the art of thrift, to the effect that if people have regular earnings, they can usually save money.

The distribution of such a large sum in the community is certain to spur on the Christmas buying which is well under way in Warren.

Incidentally the 1942 clubs have been opened by the banks and there are indications that more members than ever before will sign up for the coming year.

ALL SET FOR CHRISTMAS PARADE

According to Kay Davis, parade chief, and all others who have had anything whatever to do with it everything is all set for a gala celebration in Warren tomorrow afternoon. The only thing that could possibly interfere with the program would be unfavorable weather, and there is reason to look forward to favorable conditions.

Only once in recent years have the merchants and business houses with the co-operation of the Chamber of Commerce and citizens' committee attempted such an elaborate Christmas season opening, and everyone is looking forward to a parade tomorrow that will excel in many details the one witnessed two years ago.

There will be bands, drum corps, marching units, floats and other features in the seven divisions of the parade, which will form in Pennsylvania avenue east with head resting at Irvine street. The line of march will be west on Pennsylvania avenue to Liberty, north on Liberty to Second, west on Second to Pennsylvania avenue to Poplar, north on Poplar to Fourth to Liberty street, south on Liberty to Second.

Work of decorating the town for the celebration was about completed today and many stores are expected to be decked in holiday attire for the parade, which is expected to attract one of the largest crowds seen in Warren in two years.

Don't fail to be on hand to help make Warren's pre-holiday celebration one of the greatest in the entire section.

Warren's Thanksgiving observance, minus accidents of a serious nature and with the sun shining from a clear-blue sky throughout the day, was just about perfect. Excepting for the absence of snow it was a traditional Pennsylvania turkey day so far as this community was concerned, with family dinners and reunions holding the top position on the program.

The holiday was tempered with sorrow for relatives and friends of two well known families in the community who are mourning the passing of loved ones in the deaths of Albert T. Warren, Fifth avenue, and Harry M. Topper, Prospect street.

According to plans the parade will move promptly at two o'clock, and Santa Claus is scheduled to arrive at the Warren airport about 1:15. Looks like an exciting afternoon for grownups as well as children.

Don't stick your neck out while strutting. Look what happened to milk-fed turkeys in Warren the past few days.

YEARS AGO IN WARREN

Interesting Items Taken From the Warren Evening Times

In 1921

Several days ago a houseboat owned by local parties disappeared from its moorings near the brick yard west of Warren. It is reported that the boat was fitted out with a still and the owners wisely decided not to make complaint, as they feared an exposure might lead to unpleasant developments.

The Nameless Five had another stiff scrimmage last evening, with about thirty candidates present. "Nick" Wendeloos, Johnson, Burns, Bacher, "Bullet" Paris and Skipper Rasmussen are some that keep last year's regulars working hard.

The federal tax on ice cream cones, soda water, pills, lotions, parcels post transportation and articles of wearing apparel will be lifted on January 1st.

The stage of the river at this point is unusually high this season. Rains of the past few days have sent the water above the rafting stage.

There is still a vacancy on the police force, caused by the resignation of Mrs. Phoebe Mitten, and there appears to be no one anxious to assume the responsibilities of the policewoman.

In 1931

A terrific explosion that was felt throughout the borough and as far away as Stoneham and North Warren badly damaged the compressor room of the new gasoline reforming unit at the United Refining Company plant Sunday evening about 11:25 o'clock. Flames that followed were soon extinguished and the loss will not exceed $10,000.

Three well known Warren county young men were successful the past week in being chosen to take examinations for appointments on the State Highway Patrol. Those who left Saturday for Harrisburg to take the preliminary tests were Herbert Murphy and Alpheus Hubley, of this city, and William Stuart, of Sugar Grove.

Word has been received that P. W. M. Pressel, superintendent of schools, has been re-elected to the board of control of District 10, P. I. A. A. for the ensuing year.

Miss Lois Knowlton, who is the public school music instructor at Tunkhannock, has returned to her duties after spending the holiday with her parents, Mr. and Mrs. C. L. Knowlton, Conewango avenue.

Joseph Massa has resumed his studies at Edinboro State Teachers' College after spending the holiday with his parents.

MOTORISTS ARE GIVEN TIPS FOR WINTER DRIVING

Harrisburg, Nov. 28—Late November and December means winter, and winter, to both the motorist and pedestrian, bring horrid dreams of packed snow on highways and sometimes treacherous ice sheets.

With the National Defense effort reaching a peak in some sections of the state this winter, public safety authorities today declared snow and ice must be no excuse for traffic tie-ups and skidding accidents. T. Elmer Transeau, director of highway safety for Pennsylvania, warned that this year the following precautionary rules are vital when severe weather conditions arrive.

1. Exercise more caution generally. The necessity for sudden stops should be avoided on snow or ice. It takes 3 to 11 times the normal distance to stop on snow or ice.

2. Check brakes for simultaneous gripping. Unequalized brakes start skids. When snow or ice conditions prevail, leave car in garage if not prepared to take practical precautions.

3. Good tire treads are safe on wet pavements but on ice or snow tire chains (which bite in) should be put on when needed.

4. Make sure windshield wipers and defrosters are working, and that lighting equipment is adequate for longer hours of darkness, snow, fog and sleet.

5. Reduce speed on snow or ice—don't throw away the safety margin provided by the chains. Watch out for children on sleds.

6. Leave more room between you and the car ahead and don't try to pass on hills or curves. Approach icy curves slowly. If not protected by tire chains—"crawl."

7. Slow down in gear and "pump" brakes on-off-and-on to point of impending skid. Keep wheels from locking completely. Traction afforded by chains does not duplicate dry pavement stopping ability, but on snow or ice they do cut stopping distances 40 to 50 per cent, add appreciably to control of car, and avoid traffic tieups.

Winter driving, which is frequently desirable because of the comfort, protection and convenience provided by the modern car during bad weather, can be safe with the above precautions, Transeau declared.

"Research and tests by the National Safety Council's Committee on Winter Driving Hazards," Transeau said, "reveal skidding and inadequate traction as the principal cause of winter accidents. The other most serious hazard is reduced visibility, resulting from snow and sleet storms, fog and longer hours of darkness. The death rate, as related to motor vehicle travel, increases during winter months 40 per cent in northern states, and from 3 to 20 per cent in southern states, according to location and severity of weather."

New Hampshire's population increased from 465,293 in 1930 to 489,716 in 1940.

ate Council of Defense Works t Top Speed to Protect Citizens

arrisburg, Nov. 28—One of the cs which at present is holding important place in affairs of state is the movement which for its object the defense of s and property in event of war. ated by the last legislature the uncil of Defense is operating at speed. Through it organiza- ıs are being created over the te which will function in event sabotage or bombings. Its work growing in magnitude and from employes in one office it has ead to several offices

Towns like Warren in which re are many firms engage in manufacture of items used in defense of the nation and fo- use of the friends of United States under the Lease-Lend movement are being awakened to the dangers that confront them. Too few have realized that they are in danger.

The Axis powers have, in the words of Martin Dies, "Stronger and better financed Fifth Columns than existed in any country in Europe taken over by the Axis." Representative Dies in speaking in the Forum here sounded a grave warning and it is to be regretted that every citizen of this state cannot hear him speak.

With a strong and well financed Fifth Column at work doing what Hitler has dubbed "an inside job" no factory engaged in war work is safe. Plants in small towns are especially vulnerable due to the false sense of security in which they exist.

Local police forces and fire departments are being called upon to function and to be prepared for any eventuality. Through the F. B. I. the police are being given training and they are urged to carefully watch all strangers in a town and especially those who evince an especial interest in any local manufacturing plant. It is by striking at the source of war supplies that Hitler hopes to cripple the all-out efforts of the United States.

Fire departments too, are coming under the observance of the Defense Council. Acting with the La Guardia Committee headed by Mayor La Guardia, of New York, a survey of the fire equipment of the entire state is being made. Most of the questionnaires have been returned and a complete picture of all apparatus, hose, ladders, etc., is being compiled. At the headquarters here the questionnaires are being carefully scanned and in the towns where war materials are being manufactured especial care is being given. Even the fire chiefs who have filled out the questionnaires in many instances have failed to grasp the true significance of the movement and some of their answers are not as complete as they should be.

In this connection it may be said that the reply from the Warren Fire Department is one of the best received. The questionnaire was carefully filled out on a typewriter and the fact that larger and more hydrants are being installed at strategic points is being noted. It was also noted that the addition of an aerial truck to the department as wa distinct advance. The fact that Fire Chief D. G. Kropf had been conducting a survey of all manufacturing plants and had issued a leaflet to the plant managements relative to fires started by sabotage through the use of fire bombs, etc., drew especial commendation.

One of the interesting facts given to the men in charge of the state headquarters by New York firemen who spent months in London observing fire fighting was that ladders were the most needed article of equipment when the bombings began.

With Pennsylvania manufacturing the bulk of defense equipment at the present time it is felt that this state is a target for the saboteurs of the Axis. The residents of the state have failed to awaken to this fact! Bombers from a plane carrying ship could cover a large area of the state and do incredible damage in the space of a few hours. Designer Sikorsky of the famous Sikorsky planes, also points out that non-stop flights from German controlled lands across the sea could fly across, bomb, and return home non-stop. America is not as bomb proof as many imagine.

Small mobile pumpers are also a need in Pennsylvania especially in communities where plants are out of the heavily populated district and where auxiliary water supplies are available. Large supplies of hose are another necessity and in many communities surplus hose is being purchased so that in event of a large fire in a manufacturing plant the number of available streams could be much greater than ordinarily available. The mobile pump can be swung into a stream from almost any point and being light could even be hand drawn if necessary.

The fact that "America is in" does not register with many and the State Council of Defense is endeavoring to its utmost to bring that fact home. America and Pennsylvania especially is fast becoming most truly 'the arsenal of democracy' and every citizen must be taught now to defend that arsenal.

Home defense groups are being trained. It is one of the main objects of the Council to instill into every heart the fact that while bombs may never fall on America there is always that possibility and police and firemen are being trained and the citizenry must be taught that they will be in the battle lines too, if war comes to our shores. Civilians never before faced such a prospect as they do now in event of war and thousands must accept posts as air wardens, decontamination workers, first aid crews, salvage squads, etc.

A short time spent with the workers in the Council for Defense gives one a feeling that real war is not such a distant thing and that our nation must be prepared.

FOREST COUNTY SUPERVISOR TO HOLD MEETINGS

Miss Ida J. Peebles, home economics extension representative for Forest county, reports that the series of seven nutrition meetings held in her territory were attended by a total of 295 persons, with sessions in Guitonville, West Hickory, German Hill, Red Brush, Trueman's, Stewart's Run and Clarington.

Wherever possible, music, recitations and playlets were arranged to accompany the talks on "Food for Health" given by Miss Peebles. These were given in each case by persons from that community and added much to the enjoyment of the program.

R. M. Smith showed pictures of local interest, as well as others outside the county, some relating to the production of green vegetables suitable to Forest county, storage of vegetables for use as a raw food and other topics.

Many expressed interest in the food bulletins and a summary leaflet on planning diets. It is stated that these publications may be had by any unable to attend the meetings by application to Miss Peebles at the court house in Tionesta.

High School Pupils Are Entertained At Wednesday Assembly

At an assembly of the high school Wednesday, students were entertained with a monologue, "Before a Milliner's Window," by Anna Ni ols, and the reading of Governor James' Thanksgiving proclamation.

The main feature of the program was a chorus play, "Proposal by Proxy," given by the following members of the sophomore class: Susy Estes, Janet Cannon, Juanita Farr, Ann Newmaker, Gretchen Wilburn, June Hanna, Dean Milway, Morris Moffet, Jack Davis, John Borne, Julio Fino and Dick Yeagle.

Announcements were made by Beverly Milway, president of the dramatic club.

UNION SERVICE AT YOUNGSVILLE WELL ATTENDED

Youngsville, Nov. 28—Union Thanksgiving services of the churches of Youngsville were held in the Free Methodist church with a large attendance. The service opened with the singing of a hymn of praise followed by silent prayer and the invocation by Rev. Samuel Stimer pastor of the Free Methodist church.

Members of the Mason family sang a beautiful song.

Rev. Dwight Jack, pastor of the Methodist church, read Thanksgiving Psalm as the Scripture lesson.

Prayer was by Rev. Wallace Johnson, pastor of the Saron Lutheran church of Youngsville. After a hymvn and the offering which will go to the Gerry Free Methodist Home in Gerry, N. Y., the address of the evening was given by Rev. Charles McIntyre, pastor of the United Brethren church.

Following the Doxology the benediction was pronounced by a guest pastor.

CHRISTMAS MEETING

The annual Christmas meeting of the Orange Circle will be held Tuesday afternoon Dec. 2nd at the home of John Zeliff. Guests are asked to bring inexpensive gifts suitable for the Cradle Roll of the church school.

PLEASING TALK IS ENJOYED BY KIWANIS CLUB

At the weekly luncheon meeting of the Warren Kiwanis Club, held Wednesday noon at the Carver Hotel, members enjoyed a very fine talk in keeping with the Thanksgiving season. The speaker was the Rev. Harold Knappenberger, a member of the club and pastor of Grace Methodist church. Recalling the history of the Thanksgiving holiday, the speaker urged his listeners to revive the true spirit of the occasion, rather than looking upon it merely as a day of feasting. He especially urged the expression of gratitude for the nation and the moral values which it represents.

During the meeting a new member, Neil A. Gleason, was introduced.

Announcement was made of a directors' meeting on December 18 at the home of Peter E. Nelson and of a school for elective officers to be held at Oil City, December 4. Plans were started for the annual Christmas party for members of the Kiwanis-Saturday Evening Boys' Club at the Y. M. C. A.

President H. D. Baker appointed the following as members of the budget committee for 1942: Dr. T. E. Colley, chairman; H. W. Ledebur, Peter E. Nelson, Harold T. Flowers and the secretary to be elected.

DISTRICT HEAD TALKS TO GROUP AT YOUNGSVILLE

Youngsville, Nov. 26—District Commander Maurice MacDonald and Legionnaries H. M. McElhaney and Mack Roselli, of Ridgway, were guests of the Youngsville post of the American Legion at a meeting held Monday evening. The district commander gave a helpful talk concerning the work of the organization, with suggestions for increasing help to ex-service men. Mr. Roselli, a past commander, also spoke. The evening closed with a lunch served by the November committee to the large crowd present.

CHARTER MEETING

The charter meeting of the newly organized Cub pack was held Monday night in the Legion social room. The charter was presented by Calvin Hall, county Scout executive, of Warren, in an impressive candlelight ceremony in which all the Cubs and Cubmaster Wallace Lake took part. The parents of the boys were present. The new Cub pack will meet in various homes one night each week after school.

PRINCIPAL SPEAKER

Paul Getts, supervising principal of the Youngsville schools, spoke at a dinner meeting of the Rotary Club Tuesday evening on memory training. A Scout troop committee meeting followed the Rotary session.

HOME FROM SERVICE

Lester Kinnear, son of Mr. and Mrs. Willis Kinnear, has arrived home after a year of service in the army at Camp Shelby, Miss. He is now in the enlisted reserve corps. He will return soon to his architectural work in Youngstown, O.

FORMER RESIDENT

Miss Olive Jackson, well known here, died November 17 at the Warner Home in Jamestown, N. Y., aged 78 years. A brother, Edward Jackson, of Youngsville, and several nieces and nephews survive. Funeral services were held in Jamestown on November 19 with burial there.

Defense Bond Quiz

Q. How can the Christmas spirit be expressed in terms of the Defense Savings Program?

A. By giving Bonds and Stamps for Christmas. There also are Christmas cards on sale which include a Defense Savings Stamp album.

Q. How does the Defense Savings Program for the sale of Bonds and Stamps differ essentially from the usual "drive" to raise money?

A. You are asked to lend money, not to give it. You get back what you lend and something more.

Note To buy Defense Bonds and Stamps, go to the nearest post office, bank or savings and loan association; or write to the Treasurer of the United States, Washington, D. C. Also Stamps are now on sale at retail stores.

This Holiday Month

'and every day in December is a holiday — means more work for us than business.

And yet we look forward to it with keen pleasure and are so happy when it comes. Our store is so gay, so full of color, so full of things made sacred by the very presence of this Holy Season. The atmosphere is so different! And 'everything is going to be given away—carried away, so to speak, on the invisible wings of Love.

And then are we not happy when the season comes, because we see so many of you.

Nearly 500 communities in all parts of the country release children from public schools during school hours for religious education.

There are one-half million more women than men in urban areas in the age group 20 to 24 years, as shown by the 1940 census.

The lowest total of annual deaths since 1918 was in 1921, in the same year that saw our all-time highest total of annual births.

Kooman-Wolstencroft Ceremony Solemnized On Thanksgiving Day

A very pretty wedding ceremony was solemnized at four o'clock Thanksgiving Day in Grace Methodist church when Rev. Harold Knappenberger united in marriage Muriel Wolstencroft daughter of Mr. and Mrs. Clement Wolstencroft 208 Parker street and Richard Kooman son of Mr. and Mrs. Walter Kooman of Knox.

The bride was attended by Mr. Kooman's sister, Betty Kooman, and was given in marriage by her father. Richard Willoughby acted as best man, with Harry Tortelot and Neil Culbertson as ushers.

Traditional organ numbers were played by the bride's sister, Evelyn Wolstencroft.

The bride wore a street length aqua wool ensemble with rust accessories and a corsage of white roses. The maid of honor was attired in street length maize wool with brown accessories and a corsage of yellow chrysanthemums.

Immediately following the ceremony, a reception was held at the Philomel Club for the immediate families and intimate friends.

Mrs. Kooman, graduate of Warren High School and Clarion State Teachers' College, has been teaching for the past two years in White Memorial High School at Knox. Mr. Kooman, alumnus of that school and of Pennsylvania State College, is employed in Jackson, Miss., where they will make their future home.

Vivian Dyer Bride Of Carl Lindborg In Youngsville Rites

Youngsville, Nov. 28—Two well known local young people, Vivian Dyer, daughter of Mr. and Mrs. George F. Dyer, and Carl Linborg, son of Mr. and Mrs. Amos Linborg, were united in marriage at five o'clock Wednesday evening in the Methodist parsonage, Rev. D. H. Jack, officiating.

Attendants were Cecile Dyer, sister of the bride, and Max Davis.

The bride wore a wool frock of turquoise, with brown accessories and a shoulder corsage of white chrysanthemums. The bridesmaid wore an aqua wool dress, brown accessories and a yellow chrysanthemum corsage.

Mr. and Mrs. Linborg left immediately foa trip which will include Washington, D. C., Virginia and Philadelphia. Both young people are graduates of the local high school. The bride is also an alumnus of Indiana State Teachers' College and is a member of the local school faculty. Mr. Linborg is a graduate of Albion College of Albion, Mich., and is a member of the Hickory township faculty at Endeavor.

Pre-nuptial affairs were given by the Lady Jane Grey Rebekah Lodge; Mrs. Max Davis and Mrs. Forest Rapp; Miss Mildred Mead and Mrs. Robert L. Mead; Miss Edith Woodard.

TO THE QUESTION NEARLY EVERYONE ASKS, OUR ANSWER IS YES

SINCE the establishment of government regulations on loans, so many people ask, "Can we still borrow from your company?" Almost invariably our answer is "Yes." Actually the new regulations have scarcely changed our loan policy. These regulations are designed primarily to curtail purchases involving defense materials, not to prevent legitimate borrowers from obtaining needed loans.

So don't hesitate to stop in and discuss your money-problems. We are still in position to help.

Important Games Wind Up College Grid Season Tomorrov

Ole Miss and Mississippi State on List; Texas Wins Major Turkey Day Offering

BY AUSTIN BEALMEAR

New York, Nov. 28—(P)—The fading fotoball season, which has had players, coaches and fans going in circles since last September, is facing its last big day with the problem of producing opponents for most of the bowl contests and settling several family feuds

Yesterday's second edition of the Thanksgiving holiday furnished a handful of backyard tussles including one major scrap in which once-mighty Texas returned to form and kicked Texas A and M right out of the ranks of the unbeaten and untied by the score of 23-0

For the second time in two years Coach Dana Bible's Longhorns ruined a perfect record for their rivals at A and M, although this time the Aggies had the Southern Conference title safely tucked away

Another southwest entry failed Arkansas kept its season from being a total flop by whipping Tulsa its traditional Turkey Day rival and champion of the Missouri Valley, 13-6 It snapped a seven-game winning streak for the Oklahomans and a four-game losing streak for Arkansas

In the east Muhlenberg and Franklin came up with last-round decisions which divided the Eastern Pennsylvania Conference championship three ways. Muhlenberg downed Gettysburg 28-13, and F and M nosed out Ursinus, 14-13, leaving all except Ursinus tied for the title.

Highlighting tomorrow's games will be Army-Navy at Philadelphia, Mississippi and Mississippi State meeting for the Southeastern Conference title. Vanderbilt vs Tennessee. Tulane vs. Louisiana State, and Stanford vs California along with Oregon vs Oregon State

Other headline attractions however, will include Oklahoma and Nebraska, Boston College against Holy Cross, Penn State vs South Carolina Michigan State vs West Virginia, Georgia vs Georgia Tech and Fordham batting the Violets of N Y U

CANADIAN FUR FARMS

Zale and Abrams in Title Bout Tonight

New York, Nov. 28—(P)—Proving that even boxing commissions given enough time can add one and one and get two, George Abrams and Tony Zale tangle tonight in Madison Square Garden to clean up the middleweight mess that's been stewing for 11 years

The sailor boy from Washington and the steel worker from Gary, Ind., toss their shots over the 15-round derby route. The winner, at long last, will be recognized as the sole middleweight boss

Promoter Mike Jacobs expects close to 14,000 or 15,000 to turn up for the party. This would mean a gross gate of more than $30,000 and even Whirlaway will tell you that's not hay

Because Abrams is a "cutie" type of operator he's a 5 to 7 betting favorite to out-gallop the rough and tumble midwestern mauler who has stiffened five of the last half-dozen fellows brave enough to try his samples. This department also likes baby-faced Georgie, although he's never before traveled the derby route.

SPORT SPATTERINGS

WE CLOSE OUR FOOTBALL FORECASTING SEASON BY CHOOSING ARMY OVER NAVY TO KEEP YOU SMILING THROUGH WINTER

Except for the post-season New Years Day games which have plenty of individuals sitting up nights trying to decide who will play where when 1942 comes bouncing in, tomorrow's grid attractions will draw the curtain on football in most sections of the country, with only a straggling few of the colleges, most of them in the west, having a few scattered games on their slate. So, for our finale, we don the armor once again and tip toe out to end of the twig on which we've been perched all autumn, and if it hasn't broken yet, it's so badly bent that our selections for tomorrow ought to finish the job. We hate to look in the direction of Philadelphia, but being that the Army-Navy game must be played, that's a toughie this scribe might just as well settle for our readers at the start. Navy has presented an exceptional team this fall only one defeat marring a perfect slate, that at the hands of mighty Notre Dame which went undefeated over the route. On the other hand, Army though Harvard threw them for a loss has been more impressive this fall than in the past five years and Red Blaik has injected something into the Cadets that has made them a miracle team

Taking that as our cue looking twice at the Navy goat who'll probably make us his target, and knowing very well that Navy rates the favorite's spot we'll remain as stubborn as the Army mule and fall in line with the Cadets for this one. Moving along to greener pastures from a forecaster's viewpoint, it's Pittsburgh over Carnegie Tech and we'll toss in points here, by a score of 20-7. The best showing the Tartans made this year was against Notre Dame when they held the Irish to 17 points and the Panthers while they're nothing to brag about even though they knocked off Fordham and Nebraska, still have that Jones Boy in their backfield, and he'll provide the margin. Baylor should better Rice and Holy Cross gets the nod over Boston College, the best example in the country today of just how necessary a good coach is in building good football teams With Leahy gone, the Boston boys have had little to offer Clemson should win the duke over Auburn but there's one that will involve a bitter scrap. And of course, to be sure of another in a vain effort to raise our batting average it should be Fordham over N Y U though we'd just as soon take this one on the chin and see the Violets bloom again.

Continuing Georgia over Georgia Tech ... Iowa State to top Marquette ... Louisiana State to down Tulane in the south's best game of the day ... Michigan State over West Virginia but it'll be close ... Mississippi over Miss. State ... Oklahoma to whip Nebraska in another top-flight grid tilt ... Oregon State to claim the Rose Bowl assignment with a close win over Oregon ... Penn State to topple South Carolina in their season's lineup ... Texas Christian to beat Southern Methodists though they'll get little out of it ... Stanford over California if Frankie Albert means anything to the Indians and we think he does ... and also if the California sun shines ... Vanderbilt looks too good for Tennessee this time ... and we'll toss in Georgetown over Xavier to complete the card

Should you bet on these choices we'll give you this laugh to go with your losses ... Down in Raleigh N C they're telling about a prison team in a tough game with the score tied and time running low The North Carolina State Penitentiary's star halfback reminded his teammates in a huddle of the 7-7 score and said, "Come on boys, let's get going. We haven't much time." To which another back cracked, "Time, hell! I've got 30 more years!"

Very little bowling yesterday, most of the town's keglers taking the day off to eat turkey or go hunting in celebrating Thanksgiving the quiet way hereabouts, but Wednesday night scores showed some nifty counts in spots.

Bill Rice hit the honor roll for the first time this year at the Conewango Club when he batted out an even 210 that just made the select circle. Bowling with the Mighty McClures, his score enabled that group to take four points from the Trevenens

Ed Borden also had some nice scores for the same crew, while Trevenen was the leading kegler for his own club. Borden had a total of 520, Trevenen had 511, and Rice had 559.

KINZUA DROPS CAGE OPENER TO JAMES CITY

Kinzua High school opened its basketball season Tuesday evening against James City at Kinzua and dropped a close 23-19 verdict which was decided in the second quarter when the winners scored ten points while limiting the Warriors to but a single foul.

The visitors failed to score in the first period while Kinzua collected one field goal, but turned on their full offensive power to gain a 10-3 margin at half time which the Warren county boys couldn't quite overcome.

Kinzua fought back with eight points to seven in the third canto, collected eight more in the final chapter to six for James City, but time ran out before they could get the four they needed for a tie which would have sent the game into extra periods.

Johnson, towering center for James City nearly six feet five inches in height, stood out with four field goals and two foul points for his team while Culbertson and Snyder did nearly all of the scoring for Kinzua, with respective totals of nine and eight.

The Kinzua schedule for the season will be announced soon.

Both Aggies, Texas Look for Bowl Bids

College Station, Tex., Nov. 28—(P)—Coach Homer Norton of the Texas Aggies stated emphatically today that his team would play in a bowl game Jan. 1 despite its loss to the University of Texas.

And he indicated more than one bowl might be seeking his Aggies.

The 23-0 defeat at the hands of Texas yesterday tumbled A and M. from the ranks of the nation's unbeaten but it had no effect on the result of the Southwest Conference race. The Aggies already were champions and as such automatically are invited to play in the Cotton Bowl at Dallas.

Norton also said seven members of the Sugar Bowl committee conferred with him yesterday.

Texas remained mum on the Bowl situation but it is known that the Orange Bowl would like to have the Longhorns. A representative from Miami was here yesterday.

Capacity Crowd Will Watc Army-Navy Fray Tomorrov Larson in Last Appearanc

Philadelphia, Nov. 28—(P)—This city came down today with its annual attack on Army-Navy-itis—and, brother, this year its bad.

Hotels bulged at the seam, gold braid was a penny a yard as the first of 100,000 fans arrived to find out what happens (and anything can) when a two-ocean Navy encounters a lightning-fast Army rumored to be specially armorplated for the occasion.

They'll get the answer tomorrow at Municipal Stadium, but at this hour, even the betting fraternity was split on the odds.

The sorriest spectacle in town was the ticket speculator. Everyone wants to go to the football game, but tickets were snapped up weeks ago through the regular West Point and Annapolis channels and few found their way into the hands of the middle-man.

He's asking $25 each for the few available—he could sell hundreds too—but won't guarantee the quality.

The weatherman bestowed his favor on the Army Gray right off, promising a fast field built for the swift-breaking aerial and ground attack which has brought the Cadets victory in all but three games this season Navy, bulwarked two deep in sheer manpower that bowled over everyone except Notre Dame and Harvard (a tie), hoped for a heavy field on which to launch its dreadnaughts.

This year the Cadets are hosts, meaning the gray-clad ranks will be first on the field with that precision march at 12:15 p m (EST) Five minutes later, to the tune of "Anchors Aweigh," will come the Navy Blue.

Fresh from a seclusion of a suburban country club, Navy took over Temple Stadium for a last workout. And Major E. (Swede) Larson, who hasn't lost yet to Army as a player or coach, promised to concentrate on the ... able "little men who weren't there." They are Bob Lee ... Zeke Zechella, the conversion te which, without playing officiall minute in any game this y made 20 of 26 tries for points er touchdowns—and their acc acy could well spell a N triumph.

Army, with virtually the sa personnel which lost on the sa field a year ago but with a more potent team now, scheduled to work out the ki after a daylight trip from W Point.

For Larson, the game will m the end of a ... Navy's coach. Before the squad Annapolis, it was announ he will be detached as comma ant of the marine group statio at the Academy for duty where. He took over in 1939 his record against Army so far compasses a 10-0 triumph in 1 and last year's 14-0 victory.

Down at the Arcade the Heaters set a new team total record in the Struthers-Wells league with a 2604 mark. Sales Department hung onto their high team game mark, and the high single game and total records remained untouched.

There will be no ladies league at the Arcade tonight, due to the Thanksgiving holiday which gave many of the participants in this loop a big weekend vacation which they naturally took advantage of.

K of C League will roll at the Arcade however, and the Elks will be busy along with a match at the Conewango, State Hospital loop, and Moose action.

At the Moose, it'll be Central Grocery and Busy Bee; Schaeffer's Elect. vs White House Inn. to wind up the week's card locally.

QUIET HOLIDAY IS FEATURED BY UNION SERVICE

Featuring a very quiet Thanksgiving Day observance in Warren, the community worship service held in the First Presbyterian church proved one of the finest in many seasons.

There was a good attendance and the principal address of Rev. John C. Bengtson, president of the Warren County Ministerial Association and pastor of Bethlehem Congregational church, was very well received. His topic was "We Still Give Thanks."

Others participating in the union service were Rev. W. G. Woodward, Rev. E. P. Wroth and Rabbi Hans Kronheim. Music for the service was arranged by the Presbyterian choir and organist.

A generous offering received will be given to the work of the Warren Relief Association.

A number of congregations observed an individual Thanksgiving Day at an earlier hour and, last evening, a well attended service was held in the Salvation Army citadel.

No Change in Crisis in Pacific

However, two highly placed senators, while not minimizing the grave state of affairs, voiced the belief that Japan was playing a bluffing game which could end in peace more easily than in war.

Senator Connally D -Texas), chairman of the powerful senate foreign relations committee, put it this wya:

"I think the Japanese are doing some more bluffing. The situation in the Far East is coming right up to the boiling point but it isn't going to boil."

He referred to reports that Japan had sent more than 100,000 troops through occupied French Indo-China to the Thailand (Siam) border.

Senator George (D-Ga), ranking member of the foreign relations group, also thought the reported troop movement "seems to bel argely bluffing." He conceded that the Japanese might move on Thailand, but indicated his belief this would not necessarily mean war between the United States and Japan.

The Japanese ambassador, Kichisaburo Nomura, and Saburo Kurusu, the special envoy, had a 45 minute talk with President Roosevelt late yesterday, but when this conference concluded Hull said he had no engagements to see them again.

The Japanese called the White House talk "friendly" but were indefinite as to their plans.

Tokyo, Nov. 28—(AP)—Japanese officials carefully weighed U. S. Secretary of State Hull's note today with no indication of when or whether it would be answered but the press expressed belief that Japanese - American negotiations were near an end.

The contents of the note handed by Secretary Hull Wednesday to Japan's conferees in Washington, Ambassador Kichisaburo Nomura and Special Envoy Saburo Kurusu, were not disclosed.

Bangkok, Thailand Nov. 27—(Delayed) — (AP)—The Thailand national assembly approved today a defense measure which the defense minister, Lieut-Gen. Luang Promyodhi declared empowered the government to prepare for war and act to meet any emergency.

Several hours later Premier Luang Bipul Songgram, in his first radio address to the nation since the Thai-Franch Indo-China conflict, said the nation might yet be able to avoid becoming involved in war although Thailand is confronted with political, economic and military pressure "from all quarters."

DISTRICT GAME PROTECTOR SHOT WHILE HUNTING

Hays E. Englert, game supervisor of Division F, comprising the northwestern Pennsylvania counties including Warren, is a patient in the Oil City Hospital with gunshot wounds in the face as a result of being shot in mistake for a ringneck pheasant while hunting Thursday morning.

Game Supervisor Englert was hit with "bird shot" in the right side of the face, one of the pellets entering his eye. The attending physician said he is resting comfortably.

According to a fellow game commission officer, the supervisor was shot by Francis Smith, of Townville, Crawford county, in the vicinity of Barton's Pines, near Townville.

In the party with Englert were his son, Hays T., Jr., George Keppler, of Meadville, game protector, and R. S. Lichtenberger former technician of the district and now instructor at the game commission school for protectors near Brookville.

It was stated that Smith would be charged with shooting a human being in mistake for game.

mandates for certain cooling off periods before a strike could begin.

Committees in both branches of congress were working on anti-strike bills, despite flat objections from CIO and AFL leaders to any such legislation. The National Association of Manufacurers also objected to proposed plant seizure measures.

Actual consideration of the bills was expected to begin in the senate and house next week, and the CIO sent out a hurry-up call to all its unions to have delegates here for a meeting Monday to "take whatever action may be necessary."

When similar anti-strike legislation was being considered last summer, CIO men called in groups of members of the house and expressed their opposition to the then pending bill, which failed of passage. Rep. Smith (D-Va) criticized such tactics as "goon squad" lobbying.

The house labor committee expected to report some type of bill today.

The board now functions by virtue of an executive order issued by President Roosevelt, and cannot enforce its decisions.

Some members of the house judiciary committee said they were prepared to offer a bill of their own, if the one which emerges from the labor committee lacks sufficient "teeth."

The compulsory arbitration feature aroused stiff opposition from CIO and AFL officials, and yesterday the labor committee also heard the provision criticized by Charles R. Hook, representing the National Association of Manufacturers.

President Roosevelt's special board in the railroad wage dispute reconvened today at his request, to consider new facts which the chief executive said had come to light since the board made its initial recommendations earlier this month. He asked for a new report by Monday, just six days before the December 7 strike deadline established by the five brotherhoods whose 350,000 members demanded 30 per cent wage boosts.

Labor circles watched with intense interest for the reactions of two high CIO leaders to letters from President Roosevelt stating that he declined to accept their resignations as members of the National Defense Mediation Board.

ILLEGAL SIGNS NEAR HIGHWAYS BEING REMOVED

More than 350,000 signs and posters illegally erected within the state highway right-of-way have been removed in the last three years, according to Secretary I Lamont Hughes.

Of the total, 4,357 were in Warren county. Others in this district included: Crawford, 5,877; Erie, 9,148; Forest, 241; Mercer, 7,241; Venango, 4,864.

Approximately one-fifth of the total were taken down by Department employes between April 15 and September 15, 1941.

In the three years the number of illegal signs removed was 350,478, of which total 70,459 were taken down by maintenance forces during the last spring and summer.

"Many people don't understand there is a law to prevent the placing of signs within the highway right-of-way," Secretary Hughes said. "It costs the Department money to remove these illegal signs. In the future this matter will be turned over to the police for whatever action is necessary."

Secretary Hughes called attention to the provision in the law which permits the Department to remove the illegal signs with or without notice. The act provides a fine of not less than $4 nor more than $20 for each sign or banner. The money collected from fines for violating the act is to be paid into the county treasury where the offense takes place and the money is to be used for repair or construction of public roads.

Akeley

Akeley, Nov. 28.—The Akeley Girls' Missionary Society met at the home of Elsie Lundmark last Tuesday evening with perfect attendance. During the business session, an election of officers for the ensuing year took place: Counselor, Mrs. Ellen Lundgren; assistant counselor, Mrs. Ora Milletr; president, Genevieve Arthur; vice president, Joyce Hailer; secretary-treasurer, Ida Grace Larson; program secretary, Jennett Randall. Jennett Randall invited us to her home in December. At a late hour, the hostess served delicious refreshments.

Mr. and Mrs. Victor Lundmark had as Thanksgiving guests Mr. and Mrs. Ernest Larson, Mr. and Mrs. Gust Nelson and son, Roger, of Frewsburg, Mr. and Mrs. Carl Nelson and family.

The L. A. H. C. A. will meet with Mrs. Sylvia Erickson Friday, Dec. 5th.

Mr. and Mrs. Edward Miller and Mr. and Mrs. Harry Randall spent the weekend with Mr. and Mrs. LeRoy Larson of Allison Park.

The Berean Bible Class met with Mrs. Carl Nelson with Mrs. Sandeen and Mrs. Lundmark assisting on Tuesday evening with a very good attendance. The next meeting will be a Christmas party in the church basement December 30th, with husbands as guests.

Mrs. Edward Miller is a patient in the Warren General Hospital.

Mrs. Helen Randall is home for her holiday vacation.

Mrs. Virginia Shaw attended Brokenstraw Grange Tuesday evening, in the interest of organizing a Juvenile Grange.

Mr. and Mrs. Ernest Larson of Frewsburg called on Mr. and Mrs. Carl Nelson Sunday afternoon.

Mr. and Mrs. Everett Lundmark, Elof Lundmark and Warren Lundmark of Jamestown called at the Lundmark and Lundgren homes Tuesday evening.

DOWNWARD TREND IS CONTINUED BY MARKET LEADERS DURING DAY

New York, Nov. 28—(AP)—Stock market leaders continued on the downward road today as the slightly darker news picture caused lightening of commitments in virtually all departments.

While a number of stragglers managed to cling to small plus marks, declines of fractions to around 2 points predominated near the final hour. Dealings quickened at intervals and transfers for the full proceedings were at the rate of about 900,000 shares.

Aside from persistent tax selling, principal handicap for sentiment, brokers said, remained in the critical Far Eastern situation. In addition, doubts still were present anent congressional action on price-control legislation, labor and taxes. Again were ignored by others.

Commodities improved after early hesitancy. Bonds were mixed.

Among stocks American Telephone and Chrysler were soft spots at new year's bottoms. Backward were General Motors, U. S. Steel, Youngstown Sheet, Santa Fe, Great Northern, Du Pont, Anaconda, American Can, Public Service of N. J. and International Harvester.

In the resistant area were U. S. Rubber, Glenn Martin, Boeing, Standard Oil (NJ), Allied Chemical, U. S. Gypsum and Union Carbide.

Curb laggards included Gulf Oil, American Gas, Humble Oil, Lake Shore and Glen Alden Coal. Up occasionally were Creole Petroleum, Brewster Aero and American Cyanamid "B."

Bitter Fighting in Progress on Egyptian Front

(From Page One)

yesterday was strengthened into an effective line.

This flying column on its retreat westward was able to join with some forces from the strong Axis formations under the Axis African command, Gen. Erwin Rommel, which were entrenched along the Egyptian-Libyan border southward from Halfaya (Hell-fire) pass to Sidi Omar when the British drive opened eleven days ago.

However, it was said, most of the forces were scattered by combined British air and ground forces which worked in unison to keep them trapped and smash them into small groups for easier annihilation.

The British also were pushing westward from Tobruk farther along the Mediterranean coast, heading toward the strong Axis centers at Gazala and Derna.

The British commander, Lt. Gen. Sir Alan Cunningham, however, appeared to be concentrating for the moment on the big Axis armies locked to the east of Tobruk.

To escape to the main Axis forces, the trapped Germans and Italians would have to break the new British Tobruk-Rezegh connection.

WHISTLE FACTS

The whistle of a locomotive is higher in pitch as a train approaches and lower after it has passed because as the train approaches, vibrations strike the ear with increasing frequency, causing a higher pitch. After passing, the vibrations are strung out as the distance increases.

TIME TROUBLE

Until 1883, no two cities kept the same time unless they were on the same meridian. Washington clocks were 12 minutes behind New York City clocks, which were 11 minutes and 31 seconds behind the clocks of Boston.
